Driver's license B

INFJ-A - Introverted, Intuitive, Feeling, Judging, Assertive. /

Assertive Advocate – Diplomats – Confident Individualism.

My personality type: 16personalities.com/profiles/4787d8294807d

WORK EXPERIENCE

MAY 2023 -
FEB. 2023

CYBERSECURITY CONSULTANT - INTERNSHIP

Capgemini Belgium

Brussels

Provide **basic user awareness** and **advanced malware analysis** knowledge-sharing sessions for colleagues. Develop **advanced malware analysis** and **debugging / reverse engineering skills** in order to analyze malware and create **YARA** rules. Perform basic **digital forensics**.

FEB. 2023 -
OCT. 2021

SECURITY ADMIN

Randstad Group Belgium

Brussels

As security admin, I help steer the information security guidelines within the Randstad Group.

- **Blue team:** Provide policies and awareness campaigns to both developers and business in order to keep more than 1.400 colleagues informed about cyber security.
- **Project management:** SPOC for a variety of (implementation) projects aligning global and local initiatives such as vulnerability management, DAST, Disaster Recovery (DR) and penetration testing.
- **AWS:** insights into AWS – Security groups, WAF (ruling), ELB / ALB / NLB.
- **Incident response:** providing security advisory to IT, business and management in order to resolve more than 70% of incidents within a week.
- **Vulnerability management:** provide security analysis / advisory in order to remediate 80% of vulnerabilities across more than 600 Linux- and Windows servers.

SEPT. 2021 -
OCT. 2021

ICT SERVICE DESK

Stad Geel

Geel

As a first-line service desk support there is nothing more I love to do than bring back a smile on a user's face. Both via an **incident management system** and by telephone I consult my colleagues for advice in order to fully support our users with the **best possible advisory** and **solutions**.

EDUCATION

SEPT. 2023 -
SEPT. 2019

CLOUD & CYBERSECURITY

PROFESSIONAL BACHELOR IN ELECTRONICS-ICT

Thomas More Hogeschool Geel

Geel

Obtain an overall ability to understand a variety of IT concepts specialized in cloud & cybersecurity. Cybersecurity & SOC: Cisco Cyberops Associate.

- **Red team:** provide a security audit for a company to learn about a variety of penetration testing tools and security advisory / vulnerability mgmt.
- **Networking:** Configure a PFSense firewall. Learn about networking via Cisco CCNA 1, CCNA 2 and CCNA 3.
- **DevOps:** Deploying servers with a Jenkins / GitLab CI/CD pipeline and a complete Infrastructure As Code architecture on Google Cloud Platform (GCP) and Google Kubernetes Engine (GKE) with a webserver, AI server and API server.
- **API development:** DevNet Associate, developing APIs with FastAPI, Postman and Python.

MARKETING

PROFESSIONAL BACHELOR IN BUSINESS MGMT.

Karel De Grote Hogeschool

Antwerp

Courageously started this bachelor until the third grade, but did not complete. Nonetheless, a very valuable learning experience on both a professional and personal level. Business management, economics, professional presentations, consumer behavior, digital marketing (FB / Google Ads campaign), Search Engine Optimization (SEO), Search Engine Advertising (SEA), statistics, personality tests (16 personalities / Carl Jung).

PROFILE

Dedicated cybersecurity consultant with two years of experience in the domains of IT, cybersecurity and information security.

Learning something new every day brings inspiration, passion and a sense of fulfillment.

Obtaining a Master of Science in Cybersecurity is my ultimate dream. Reading a variety of non-fiction books on psychology, IT and economics also satisfy my desire for continuous learning on different topics.
